Finally

- The first WFDF - newsletter is ready!

It has taken some months to get it together, but finally it is all here. What you get in this issue is mainly information from Helsingborg and documents of what we achieved down there. You get the minutes, all addresses, statutes, a paper for each committee, records and some results.

THE FUTURE

We got started in Helsingborg and a lot of work was done, but it is now the real work starts. Everyone that was elected has to start working in their respective area and all associations must take their responsibility and support WFDF if we want our organisation to live.

MONEY

Let's get to business directly. Our treasurer is Brendan Nolan, Ireland. You find his address in the adresslist. PLEASE send to him USD 25 (minimum) before the end of 1985. That's the easiest way for your association to become a member of WFDF.

Remember that Sham-O is supporting WFDF with the same amount as you pay up to about USD 50.

Then, before March 31 1986 you have to pay another USD 25 (minimum) to Brendan. That is the fee for 1986. It is important that WFDF get some funds now because otherwise a lot of initiative is lost. We can't act until we know how strong we are.

All associations pay to Brendan Nolan.

GAFIS

Since we met in Helsingborg I have been in contact with an organisation called General Association of International Sports Federations. It is located in Monaco and is THE organisation for international sports federations like WFDF.

I have received their statutes and application forms. We were invited to their Congress in Amsterdam in October, but Charlie and I decided that we couldn't afford going this time.

But next year at our Congress in England we have to decide about GAFIS. The organisations next Congress will be sometime next autumn and then our application can be decided on by GAFIS.

GAFIS is divided in three parts:
1/ Summerolympic-sports,
2/ Winterolympic-sports, and
3/ Other sports.

We will naturally fall into the third category and what that category does is the world games, 1985 held in England. The next world games will be 1987 in Frankfurt, Westgermany, and we can be there!

Our statutes are very similar to GAFIS and we fill almost all demands to become a member.

The WFDF-newsletter will keep you informed of the development.
TAIWAN

Some weeks ago I received a letter from Taiwan. They wanted to be members of WFD. The Taipei Flying Disc Association has 80 clubs with a total of 12,000 members. With the application was two copies of their magazine, totally in Chinese! If you like to read it your welcome.

WDGC

As you can see from the resultlists in this issue Sam Ferrans won the open disc golf title, Tami Pellicano won women, Tom Monroe, masters and Mikko Laakso, Finland, juniors. The other three are all americans.

Some 150 persons from 18 nations participated in the championships and the Congress. A big tournament and a big success. A halffour summary of the final was shown on swedish television later on the same day as the final. The program was viewed by 23 percent of the swedish tv-viewers in other words 1,600,000 viewers. That was the best program the same day.

The best program was viewed by 24 percent of the people looking at the frisbee program about half a million turned on their tv just before and turned it off. They only looked at our program.

VIDEOS

The Swedish association has a cassette with half four broadcasted on swedish television. If your association is interested in buying it for internal use you can buy it from SFF for 300 SKR.

If someone is interested to buy the program for broadcasting they have to contact the swedish television in Stockholm. WFD (Johan Lindgren) also has copies of the videorecording of the Congress. It is on two VHS 2-3 min cassettes. If you send cassettes I'll copy the recording for SKR 100 which goes to WFD. If you don't send cassettes the cost will be what the cassettes cost plus 100 SKR.

EFD - MEETING

The EFD held a meeting in Austria when the team events european championship was played. The minutes from the meeting is printed in Discourse this is a brief summary:

EFD accepted the statutes of WFD unanimously. The fee was set for 1986 to SWFR 60. EFD also has fees per player and tournament as WFD. EFD regulated the number of foreign player per team to 2.

That applies to foreigners how have lived in the country more than one year and less than five years. When you have lived in an other country more than five years you are treated as a person of that nationality.

Erik Peterson, Norway was elected president of EFD and Charlie Mead was elected secretary. The president will act as treasurer for EFD.

TOURNAMENTS

There is a lot of uncertainty about the tournaments next summer. We know of the Ultimate and Guts World Championship in England august 25-30 1986. The Congress will be around that time.

There is also the european individual championship in Denmark sometime july/aug.

You have to start sending in details for those and all other tournaments soon so that all associations can plan the next year. Also try to work on 1987 already. We have to get two years in advance soon and hopefully three/four years in advance for the bigger tournaments in some years. It is essential for all the associations to plan their finances and own tournaments. Their are demands for future planning from a lot of places.

RESULTS AND RECORDS

Also send to me all your results and records as they drop in. All information goes into the newsletter and then out to all disenchanted around the world.

Please keep me informed of all changes in adresses and persons in your associations. Some adresses are missing from the committee. Send it soon.

DEVELOPMENT

We talked some in helsinki about the future. Ideas was thrown in. A computer with all results, a proper magazine, discs and other products, a logo, a better name for the newsletter. Think think think and send your ideas to WFD.

The rules is an important part just now, but apart from that we can let ideas float about and then use the good ones that come.

WFDF CONGRESS MINUTES

Place: Hotel Horisont, Helsingborg, SWEDEN

Participants: Se voting list below.

§ 1 WELCOME SPEECH

Johan Lindgren welcomed all delegates to Sweden and Helsingborg by reading two short messages from Brian Murphy of UPA and Donn Blake of Flying disc collectors.

§ 2 OPENING

Charlie Mead opened the meeting and went through a lot of practical details on meeting order. All delegates introduced themselves and placed namesheets in front of themselves.

§ 3 PARTICIPATION AND VOTINGLIST

The question of voting right is discussed. Charlie explains that whatever we decide on this point is only for the congress. There are five American associations present. Canada also presents two different associations. In the end Canada withdraws any demand for two votes and the meeting decides to give each country one vote except USA which receives five votes. Denmark abstain. The voting list is therefore as follows:

AUSTRALIA (Andrew Morris, Leigh Bird, Lynne Jarvis and Michael Rubock),
BELGIUM (Jacques Doetsch),
CANADA (Chris Lowcock and Bob Blakely),
DENMARK (Erik Hammer),
ENGLAND (Charlie Langdon-Mead),
FINLAND (Marko Timonen, Seppo Nieminen and Kainu Mikkola),
GERMANY (Torsten Görke, Hartmut Wahrman),
IRELAND (Brendan Nolan),
ITALY (Franco Figari and Osvaldo della Flora),
JAPAN (Nobuya Kobayashi),
NORWAY (Kjell Brandal and Terje Hamre),
SWEDEN (Jan Ekman and Johan Lindgren),
SWITZERLAND (Urs Handte and Paul Francz),
YUGOSLAVIA (Zvonko Slavić),
US DISC SPORTS (Dan Roddick),
UPA (Eric Wootten)
PDGA (Rick Sheafer)  
FPA (Bill Tulin)  
RIDERS OF THE WIND (Michael "Captain Snap" Conger)  
Additional americans: Tami Pellicane and Jim Kenner.

A total of 19 votes. During the meeting a lot of other interested players came in and listened to the Congress.

§ 4 VALIDITY

Congress agrees that the associations that accept the decisions made by the Congress, and that fill the requirements of the congress and statutes, can join WFDF direct by paying the fee set for this year before the end of the year. Associations that fail to do so must apply for membership according to the statutes.

§ 5 OFFICIALS

Charlie Langdon-Mead is elected chairman for the congress and Johan Lindgren secretary for the congress. Bob Blakely and Tami Pellicane are elected to check the minutes and count votes.

§ 6 STATUTES

The congress first agrees that WFDF should be run by statutes in the manner outlined by Johan Lindgren. Then the statutes are discussed in detail:

In point 1:1 disc associations is changed to flying disc associations.

There is a suggestion to change unites to govern but that proposal loses in the voting.

The WFDF-committee is decided to be changed to WFDF-board throughout the statutes and at the same time all subcommittees become committees.

The financial year is changed to april 1 - march 31.

Section 1 is passed.

Finland suggests that disc play is changed to disc sports but disc play win the vote with 12-4 and 1 abstain. In 2:3 disc sport is changed to disc play with the votes 13-1. And the suggestion of olympic goal is unanimously taken away. In 2:5 PDGA declares that the association will not let go of the world golf championships to WFDF and therefore the representative asks for a separate vote on that one.

The word "peace" is decided to be kept in 2:1 with the votes 9-7.  
Sections 2:1 - 2:4 is passed with 18 votes, 1 abstain.  
Section 2:5 is passed with 13-1. 2 abstain.
Section 3 causes a long debate about which associations can become members of WFDF. A debate about proportional voting is also started. Finally the meeting decides that only national flying disc associations can become members of WFDF. If conflict arise it is up to the board to arbitrate and finally the congress to decide. There can only be one member association from each country. The idea on proportional votes is left until later in the Congress. In 3:1 "current" is added to cover the possibility of the Congress deciding on a membership fee of 0. In 3:2 "conform with" is changed to "not contradict."

In 3:3 "expel" is changed to "suspend."

Section 3 is passed.

Charlie proposes a jump to 11 to decide for regularity of championships before we move on to regularity of congress.

A lot of suggestions are given on world championships every year or every second year, same year or alternating years. Other world wide tournaments other years and so on. Finally Dan Roddick suggests that the statutes shall only state that it is possible to have world championships in all events and overall each year if there are acceptable bids for them. That suggestion is passed after a long voting procedure where all other alternatives are being voted of one by one.

Congress also decides that given the possibility of world championships each year there shall also be a Congress each year.

The meeting is then adjourned until 1 o'clock the next day when we sit down in the grass at the golf course.

In 4:3 the debate on proportional votes rises again, but there are only loose assumptions to go on and such a big question that Charlie and Johan suggests that we leave the point out for the next congress to decide and only decides that for the initial voting at the next congress each member association receives one vote. The board also get the mission of collecting data on all member associations. Those data can also form the base of a discussion on a possible threshold for new associations to become full members of WFDF. The suggestion is passed with 11 yes, 3 no and 2 abstain.

Point 4:4 is changed to absolute majority of given votes.

4:5 is changed to end of march.

A delegate can transfer his/hers vote to another delegate. It is also decided here that member associations are free to proxy anyone they wish to represent them at the Congress. Restrictions are that a person can only hold one vote and a representative has to be present to be able to vote. 4:7 passed with 14-2. 1 abstain.

Denmark suggests that points 1-2 and 30 is taken away, but the congress decides to leave them in. Congress also decides that the treasurer shall
be elected by the congress.
4:10 is changed to voting power instead of member associations to cover possible changes at next congress.
Section 4 is passed.
Point 5:2 is changed to committees responsible to the board.
In point 5:6 member associations is added.
In 5:7 subscribe is changed to allocate.
A point 5:10 is added on the deputys role. They are ranked by the vote they recieve in the election. If an ordinary board member can not come to a meeting a deputy temporarily take that place. If an ordinary member resigns then a deputy takes that place for the rest of the period.
Finland suggests that the statutes should be written so that not the whole board is changed at the same time. There is no final suggestion on the issue for this Congress so the job of writing such a proposal to the next congress is given to the board. The congress agrees that the principle is good.
Section 5 is passed.
Section 6 is passed.
The meeting is adjourned again until the next afternoon during the semifinals.
Dan Roddick offers the printing facilities of Wham-O for the use of printing things for WFDF.
Charlie presents a somewhat shorten agenda for the rest of the meeting.
It is essentially 1/ statutes
2/ elections
3/ world championships.
Congress accept the shortened agenda.
Section 7 is changed to Minority Interests Committee (MIC) and then passed.
Tournament rule committee in 8:4 is changed to Tournament Rule Group (TRG) not to confuse things with the event TRC. 8:4 is passed with 2 abstain.
Section 8 is passed.
In section 9 it is decided that discathlon shall be with the field events committee.
Ultimate and Guts is separated into two different committees with 3 persons in each.
Section 9 is passed.
Section 10 starts with a lot of good ideas on how to raise money, primarily by commercial activities. The meeting agreed that for organisational reasons the WFDF must build on a base where the member associations pay a fee, but it can be low. A general agreement was also
that there should be some kind of fee for the big tournaments. All commercial ideas were applauded but no decisions were taken. The feeling was that WFDF has to consolidate and acquire some financial base before starting any commercial project.

Dan Roddick offered Wham-O's support in making discs with the future WFDF-logo. Chris Lowcock talked about starting a magazine. Several ideas on sellable objects like pins, hats, T-shirts and such came out.

Finally a suggestion was put on the board. It was for USD 25 per member association before the end of the year, covering this year and an additional USD 25 before the end of March for the next year. In addition to that each player at an event in world championship or an overall world championship shall pay USD to WFDF. The organiser is responsible for collecting the money. In the special event world championships the fee was suggested to USD 1 per player.

Dan Roddick then made a great offer from Wham-O saying that the company would match the number of dollars the member associations payed, dollar for dollar. The meeting therefore talked about raising the proposal, but it was opposed by the small nations. The final decision was that the proposal be a minimum fee allowing any association to pay more. Dan therefore added that the Wham-O-offer had a ceiling somewhere, should some member associations pay big sums.

With changes according to the above section 10 was passed.

Section 11 was brought up again and the question that needed decision was national representation in 11:7. The final decision was that a player could represent his/her own nation or a nation where he/she had lived at least a year previous to the tournament. The rule subject to appeal to the TRC. Denmark, Sweden and England voted against. 11:2 was clarified that the minimum standard was not absolute but a guideline subject to discretion to the board depending on the bids.

In 11:9 travel was added.

In 13:1 2/3 was changed to absolute majority.

Then all the statutes were passed. Johan Lindgren rewrites them according to the decisions and then Charlie corrects them grammatically before final printing.

The Congress adjourned once again for two roundtrips on the dinner-boat. The next meeting started with nominations for all elections.

§ 7 ELECTION OF PRESIDENT OF WFDF

Charlie Langdon-Mead, Chris Lowcock and Dan Roddick was nominated as president. Dan withdrew and the vote ended 12-3 for Charlie with 3 abstain. Charlie Langdon-Mead was elected the first president of WFDF.
Frisbee-proffsen tjänar miljoner

Kasta Frisbee har de flesta prövat på någon gång men hur många vet att den lekfulla sporten faktiskt har ett eget världsmästerskap? Sex till sjumtimmars träning varje dag tar det att bli duktig och då kan det finnas möjlighet att tjäna stora pengar. VM går i år i Helsingborg och TV1 sänder därför.

TEXT: LARS BRUSLING  FOTO: LARS-OLUF PETERSON

Att ägna sig åt detta med att kasta frisbee – något de där plastballrikarna som varje sommar dyker upp på badstränder och i parker – har långt i tidningarnas beskrivits som en form av "pajkartning". När de sanna entusiasterna började kräva att den här sporten skulle erkännas som, just sport, låg ordet än mer nära till hands för de som ville föröjliga den lekfullhet som frisbee i handen ger intyget av att främja...

Nu är det dock så, att frisbees olika grenar, (jo, det finns flera), är så accepterade att Svenska Frisbeeförbundet sedan ett par år är fullvärdd medlem i Riksidrottsförbundet, och i år arrangeras VM i frisbee-golf i Helsingborg, med inte minst 21 deltagare från hela världen. TV1 sänder finalen på lördag kväll, och det borde väl vara ett tecken så gott som något på att "pajkartningen" nu är accepterad som sport.

Pajbageri

En poäng i historien är förresten att han inte från början sålde själva plastballrikarna. Hane sålde något som han kallade "uslygna snöret" - frisbeen fick man på köpet. Detta om marknadföring...

Världssport
Men nu är olika frisbee-grenar alltså en världssport och svenska mästare sneglar redan mot de möjligheter som då ges i internationella sammanhang, främst i USA. Där kan en duklig frisbee-spelare komma hem flera miljoner om året. Prispengarna här hemma syns försumbara i sammanhanget.

Och då ska man veta att det för en rätt hantering av den här paftallrikens krävs 6 till 7 timmars träning dagligen. Och det finns alltså flera grenar:

Guts, där två femmanalag kastar mot varandra och gör kasten så skruvade och svåra som möjligt.

Ultimate - som är en form av "footboll", men med frisbee.

Fristill - jämförbar med konståkning...

Längd, förstås, och precision, samt en gren som bara går ut på att hålla frisbeen i luften så länge som möjligt. Rekordet där ligger kring 17 sekunder!

Och så golf, som är som vanlig golf på en 18-hålsbana, men i stället för hål ska man hår landa i korgar.

Det är det vi får se på lördag, och trots att Sverige är en ung nation i sammanhanget lär vi ligga bra till.

§ 22 TOURNAMENTS

World Ultimate and Guts championships 1986 are already decided to be in England.

Canada would like to have World Disc Golf Championships in 1986.

Bill Tulin said that FPA was interested in getting the world indoor freestyle championship in San Diego in the winter and the world outdoor freestyle championship in Texas in the summer.

More detailed bids for those championships and other possible bids for world championships in 1986 is to be presented to the board before the end of 1985 and the Congress authorise the board to take decisions on them.

In the future Canada was interested in Ultimate and Guts 1987 and a big ALL world championship in all event 1988. Belgium was interested in hosting the Ultimate and Guts in 1988.

Bids for those and other future championships are to be made to the Congress next year.

The congress next year will probably be held in England before the Ultimate and Guts and then time will be set aside for the philosophiscal symposium that Finland like to have.

§ 23 CLOSING

With that Charlie declared the Congress closed and thanked everyone that took part for a really good effort. A big applaud marked the end of the first Congress in the World Flying Disc Federation.

If an entirely united WFDF-board decides that an association about to organize a world flying disc championship has severely neglected its duties and it is apparent that the championship will fail, then the championship shall be given to the back-up organizer. The WFDF-board must ensure that every member association, but especially the original organizer, is immediately informed of any change.
11:4
All world flying disc championships must be played according to the valid WFDF rules. Any supplement the organizer of a championship may wish to use must be in the outline of that championship put forward to the Congress. Any changes the players or captains meetings wish to make must be approved by the Tournament Rule Group (TRG).

11:5

12:2
In order for a record to be valid it has to be achieved at an international tournament organized or sanctioned by WFDF or at a national tournament organized and sanctioned by a member nation or at an European tournament organized or sanctioned by EFDF. The WFDF rules must have been used at the competition.

The information about a new record must be sent to the WFDF-board as soon as possible. This must be done on a Flying Disc World Record report form, which must be completely filled out and accompanied by evidence that the tournament was properly organized or sanctioned.

12:3
The WFDF-board shall regularly, not less than twice a year, publish and distribute lists of the present world records to the member associations.

12:4
If the WFDF-board does not accept a record the player's national association can appeal to the Congress.

12:5
If any member association disagrees with any new record it can also appeal to the Congress.

13:0 ALTERATIONS OF THE STATUTES

13:1
These statutes can only be changed at a regular Congress with an absolute majority of the given votes.

13:2
Motions on alterations must be made at least 4 months before the Congress and proposals to alterations at least 2 months before the Congress.

13:3

14:0 WINDING UP

14:1
The WFDF can only be dissolved by two consecutive Congresses of which one must be a regular Congress. This decision can only be taken by a vote of 2/3 majority each time. There must be at least 6 months between the two Congresses.

Results in this area will only be achieved with long-term actions. Try to find out good things that are being done for the minorities in different countries. Check how the 18-year juniors age has functioned.
Aims: Keep up the development of Ultimate. Since it is one of the most active events there is no special need for pushing anything. Keep in touch with UPA. Maybe the committee can do some work in the area of collecting and distributing ideas of training models. In the future there might be possible to gather captains of national teams and big club teams for some sort of seminar. Possibly there might be information to gather here and there on injuries and ways of preventing those that can be of use in the newsletter or in some special booklet on ultimate preparations. Work closely with the rules committee on the rules question.
GUTS COMMITTEE

CHAIRMAN: Peter Turcaj:
Phone:

Buck Buchanan: 204 W Michigan st, Marquette, MI 49855, USA
Phone:

Chris Lowcock: 6 Old English Lane, Thornhill, Ontario, L3T 2T9, CANADA
Phone: (416) 881-6284

Aims: There is a lot to do about the spreading of Guts in the world outside of northamerica, with the possible adding of Japan and Sweden. Guts is somewhat kept in the shadow of Ultimate and there is a need for some thinking and some good ideas in this area. Will a special american Gutsteam go to England in 1986? How to popularize guts? Otherwise there is a lot written under Ultimate that fits Guts too.
DISC GOLF COMMITTEE

CHAIRMAN: Ted Smethers: PO Box 2415, Little rock, AR 72203, USA
Phone:

Rick Shaffer: 228 E Pentagon st, Altadena, CA 91001, USA
Phone:

Bob Blakely: 2174 Queen st E2, Toronto, Ontario, M4E1E4, CANADA
Phone: (416) 699-5755

Co:opted: Joanne Gallagher:

Aims: This is also an event that need little promotion. It is growing by its
own strengh. The rules are also pretty well done, maybe there are some things
that need to be adjusted. As Rick also pointed out in helsingborg, the
europeans need some education in disc golf rules. The committee should also
start work on some sort of "minimum standard" for a disc golf course to be
called a disc golf course. Maybe it should be called the WFDF standard for
disc golf courses. Cooperation with PDGA might be useful. A suggestion in this
area could be ready until the Congress in 86 and WFDF could start making a
list of courses worldwide that fill that standard. For the future the work
on a world pro tour should be started. It might take some years to get it
started but the sooner the preparations start the sooner it can be reality.
FIELD EVENTS COMMITTEE

CHAIRMAN: Michael Conger: Beverly farms, Ocean highway, Princess anne, Maryland  
Phone: (301) 651-DISC  USA 21853

Paul Francz: PO Box 306, CH-4012 Basel 1, SWITZERLAND  
Phone:

Tami Pellicane: 605 NW 32 PL, Gainsville, FL 32609, USA  
Phone: (904) 371-6749

Jonas Löf: Östervägen 11, 196 30 Kungsängen, SWEDEN  
Phone: 0758-74172

Marko Timonen: Ulvilantie 17 ad 58, 00350 Helsinki 35, FINLAND  
Phone: 90 - 551850

Aims: The Accuracyquestion should be carefully considered on a world basis. It has been a big subject in EFDF in the past years. Accuracy or not. The committee should also quickly start working on finding organizers for world championships in the future. And when organizers are found the FEC must help to make sure that the championships are sucessful. In an overall championship there is so much that has to work properly. The committee must also do some work on the rules. Some has been done by EFDF but it should be reviewed by WFDF for the WFDF rules. It would also be good if the committee could get some "independent" international overall tournaments going. For the future I guess that there must be developed some system for allowance of places in the overall World Championship. When our sport grow it will be impossible to accept all competitors and we might as well have an acceptable system ready when that time comes.
CHAIRMAN: Bill Wright: 200 Linden, FT Collins, CO 80524, USA
Phone: (303) 484-6932

Bill Tulin: 3982 Sewell st, AR-312, San Diego, CA 92109, USA
Phone: (619) 273-7441

Jan Ekman: Allévägen 33, 191 77 Sollentuna, SWEDEN
Phone: 08-754 26 39

Co-opted: Hartmut Wahrman:

Aims: The freestyle judging system might need some looking over. It definitely
needs to be spread to Europe and maybe also the other associations outside
of USA. There is also the suggested indoors and outdoors freestyle championships
that need to be further developed. A more final bid for the indoors championship
in mars is needed soon, so that the information can spread. The committee should
also start looking on ways to get freestyle shows and competitions organized
worldwide. Maybe the combined forces of WFDF can put together a tour of the
worlds best freestylers. If the committee make a suggestion and each association
do their bit it could be reality.
