Invitees: World Flying Disc Federation (WFDF) member national Junior Teams from across the World, in 2 divisions: Junior Open and Junior Women`s. We have budgeted for 40 teams from approximately 20 nations – approximately 1,000 players.

Background: The 2014 WJUC in the city of Lecco, Italy, was the largest Junior Ultimate event up to today with teams from 25 nations participating and some 1,200 players including OEYUF (hosted independently by EUF at the same venue simultaneously). The 2012 WJUC in Dublin, Ireland, was the largest Junior Ultimate meet before that event. Including the EYUF European event in the two Under17 divisions a total number of 47 teams made up of some 1,100 players in four different competitions took part in the event.

Event Description: A 7 day tournament with all games hosted at the Pola Marsome fields, and the final day played at the Olimpijski Stadium Wroclaw, a main city stadium with all amenities that are common to a World Championships Ultimate event.

Facilities at the Pola Marsome fields will include a Disc Central including merchandising and vendors area, and areas for players to lounge.

All fields (except the Olimpijski Stadium for the finals) will be within walking distance of disc central.

Final games will be held on August 6, 2016 in the Wroclaw Olimpijski Stadium, which boasts grandstand seating for 8,000-10,000 people.

Tournament Social Events will include the Opening Ceremony on July 31, a Trade Night during the week, and the Closing Ceremony on August 6 including medal award ceremony.

The WFDF World Championships should be accessible by media for the greatest audience possible. We pursue a policy that involves a number of media platforms to showcase the event locally and internationally to be used by the selected company. A local and national broadcasting possibility will be pursued, along with live streaming of the event on dedicated viewers as negotiated with the partner.

Our Public Relations team will also be utilizing the WJUC website and various forms of social media to promote the Championships. You can visit us now on Facebook, Twitter, Pinterest, Flickr, and YouTube.
